Development Accessibility Testing 101

Michael "Spell" Spellacy

- Great designers and developers are inclusive thinking ones

- 15% of the population is disabled

- EOE begins with TMP

Automated Testing

AXE

https://www.deque.com/axe/

AXE CLI

https://github.com/dequelabs/axe-cli

Lighthouse

You already have it.

WAVE

https://wave.webaim.org/extension/

Web Development Toolbar

https://chrispederick.com/work/web-developer/

tmpworldwide

Manual Testing

Colour Contrast Analyser

https://wave.webaim.org/extension/

Photoshop

You already have it.

Devtools

You already have it.

Screen Readers

https://www.nvaccess.org/download/

(Command + F5 on Mac)

Keyboard Test

You already have a keyboard. (I hope.)

Visual Testing

Thank you
